

# *Wrapped In Kindness - Pet in Need*

*Summer 2006*

*Peewee is 9 y/o Rat Terrier diagnosed with a cervical grade 2 mass cell tumor and needs chemo therapy as soon as possible. He doesn't have any other health problems and is full of life. You can't tell he's got cancer as he's very playful and loves to chase butterflies. He's such a well behaved dog little dog and we feel he's strong enough to go thru the treatment.*

*Peewee has already had two surgeries and he has bounced back like if nothing happened, he never complains and his tail wags full of happiness when he goes to the vet. Peewee's dad has several health problems including the beginning of alzheimers disease and he has a great bond with Peewee.*

*Peewee is this family's "little son" and he is loved very much. This is the hardest thing they feel they have ever been faced with not having the financial means to save his life....*

*Another \$1,231 needs to be raised for Peewee's chemotherapy - more, if he requires radiation.*

*The family has held garage sales, sold cookies and performed chores for their neighbors*

*Won't you please help Peewee?*

*Isn't It Time You Were Wrapped In Kindness?*

*On-line and email orders always accepted!*
